

Dejan Veselinoski

Senior Full-Stack Software Engineer

✉ dejan.veselinoski@proton.me ☎ +389 77 522 332

📍 Veles, North Macedonia

Summary

Full-stack engineer with 8+ years of experience building scalable web applications. Blending a background in design with strong technical expertise in front-end and back-end technologies, I develop functional, user-friendly, and visually appealing platforms. I am driven by complex problem-solving and continuous learning, particularly in AI.

Education

Bachelor of Computer Science and Engineering

Faculty of Computer Science and Engineering (FINKI)

2014

Core Technical Skills

Frontend

TypeScript, JavaScript, Angular (v2–18), React 19, Ionic, RxJS, Tailwind, CSS, Bootstrap

Backend

.NET Core/WebAPI (.NET 6/7/8), C#, Entity Framework, PHP

Database & Cloud

MySQL, Microsoft Azure, Docker, Firebase Authentication

Tools & Process

Git, Agile/Scrum, n8n (Automation), SEO & SSR

Professional Experience

Full-Stack Developer

Blasoft Solutions

Built and maintained responsive web applications using modern Angular and React frameworks. Developed backend systems using .NET and MySQL, including API endpoints and database migrations. Mentored 8+ junior developers and provided technical guidance across 25+ projects. Integrated third-party services such as payment gateways, AI assistants, and Google Maps. Developed cross-platform mobile apps with Angular Ionic.

2019 – Present

Practical Exercise Mentor

SkillUp Academy

Taught advanced frontend development and programming logic to various age groups. Led practical sessions using Unity game engine and C# scripting.

2021 – 2024

Front-End Developer & Web Designer

2017 – 2018

Freelancer

Developed presentational websites and designed brand identity materials for small businesses.
